

Mountainview Elementary
Parent Involvement and Title I Implementation Policy
2020 – 2021

Amount, Frequency, and Quality of Information for Parents and Community

- The weekly “Green Sheet” in English and Spanish is the primary line of communication between parents and Mountainview. We also utilize the school marquee, face-to-face conferences, email, campus, website, Blackboard messenger, and Facebook.
- The Mountainview Green Sheet serves as the primary source of PTA information.
- Teachers send home weekly / daily folders which provide parents with classroom information and student progress.
- Parent Portal can be utilized by parents to access their students’ grades.
- We strive to offer flexible, informative and educational parent programs in both English and Spanish.

Documentation of Parent Visits, Conferences, and Interaction with Parents

- Every teacher will strive to have a yearly face-to-face conference and a student led conference with every parent.
- Teachers will maintain documentation of all parent contact.
- Sign-in sheets will be kept for all parent visits as documentation of strong parental involvement and commitment at all student events.

Evidence of Active Parent and Community Involvement

- The school along with parents and community members will help develop an effective learning environment providing stakeholders flexible opportunities to be involved in the Campus Decision Making Committee (CDMC) and planning and review of the Parent Involvement Policy and Home-School Compact.
- CDMC minutes and sign-in sheets indicate parent involvement.
- PTA provides opportunities for parent involvement through meetings, events and an active PTA calendar that indicates strong parent involvement.
- Opportunities to volunteer in classrooms, field trip chaperones, library helpers and other initiatives help parents have input.
- Active parent support for all student events demonstrates parent commitment.
- Mountainview will actively involve our Partners in education which include: Auto Nation, American Bank, and Stilwell Retirement Residence.
