

Dual Credit Partnership Agreement

August 1, 2023 – July 31, 2024

I. Parties

This Dual Credit Partnership Agreement ("Agreement") is entered into between McLennan Community College ("MCC") and Waco Independent School District ("ISD") and is designed to allow high school students from the ISD to earn dual high school and college credit by enrolling in MCC credit courses.

II. Purpose and Background

In accordance with the rules and regulations of the Texas Higher Education Coordinating Board (THECB), MCC offers regular college credit courses in Core Curriculum, Foreign Language, and Career and Technology for dual credit high school students. If the ISD approves these college courses for dual credit, high school students meeting MCC admission requirements can enroll in these courses and receive college and high school credit simultaneously.

In order to ensure the quality of dual credit courses and to facilitate communications and understanding between the ISD and MCC, the following provisions are agreed to by MCC and the ISD where dual credit courses are offered.

III. Statewide Goals for Dual Credit

Pursuant to Texas House Bill 1638 (85th Legislature, 2017), MCC and Waco ISD set forth the following goals for dual credit programs in Texas, as prescribed by the Texas Higher Education Coordinating Board (THECB) and the Texas Education Agency (TEA).

1. GOAL 1: Create collaborative outreach efforts
 - a. The MCC dual credit program will collaborate with the ISD to provide information sessions for parents, students, and high school counselors addressing the potential benefits, risks, and costs of dual credit.
 - b. MCC will provide online information regarding the dual credit program, including contact information, eligibility requirements, the enrollment process, cost data, and potential benefits/risks of dual credit coursework.
 - c. MCC recruiters will collaborate with the ISD to provide additional assistance to students and families seeking information or assistance with enrolling at MCC.
2. GOAL 2: Improve transition to and acceleration through postsecondary education
 - a. The MCC dual credit program requires all new dual credit students to complete an online orientation to facilitate the transition to college coursework.
 - b. The dual credit program will collaborate with the ISD to provide in-person or video conference orientation sessions upon request.
 - c. The program has identified a Transfer Block of courses that transfer well to Texas public colleges to encourage selection of courses that will apply to a four-year degree.

- d. Dual credit students will be encouraged by MCC to enroll only in courses applicable to their selected degree plan.
3. GOAL 3: Provide college advising and student support services to promote success
- a. The MCC dual credit program requires all students selecting courses outside of the Transfer Block or the Dual Credit Associate of Arts degree plan to meet with a college transfer advisor each semester prior to registration.
 - b. All dual credit students will have access to drop-in college advising via regularly scheduled Zoom sessions.
 - c. All support services at MCC are available to dual credit students. Note that the College provides online and in-person tutoring, library instruction, and success coaching to promote student success.
 - d. MCC and the ISD will collaborate to encourage dual credit students to make use of support services available at the College.
4. GOAL 4: Ensure quality and rigor of dual credit courses
- a. MCC is committed to quality and rigor in its dual credit courses. As required by the THECB and the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), the quality and rigor of dual credit courses shall be the same as courses taught at the college campus.
 - b. Dual credit faculty, including faculty hired from the ISD, will meet the credentialing standards set by the THECB and SACSCOC.
 - c. Oversight of dual credit faculty and course content will occur according to the same standards and processes employed on the MCC campus.
5. TOOLS: Identify tools to assist students and families with selecting endorsements and dual credit courses as well as navigating the college process.
- a. MCC will provide degree guides through the online Student Planning program as well as dual credit specific guides via the High School Programs website.
 - b. The THECB provides the following tools:
 - 1) College for All Texans
 - 2) Exploring College Options
 - c. The TEA has made the following tools available to the public.
 - 1) Graduation Toolkit: <https://tea.texas.gov/sites/default/files/14Grad-toolkit-booklet.pdf>
 - 2) CTE Pathways: <https://tea.texas.gov/academics/college-career-and-military-prep/career-and-technical-education/approved-cte-programs-study>
 - d. The Texas Workforce Commission provides tools to assist with career selection and education planning at <https://twc.texas.gov/students>.

Metrics associated with the state dual credit goals, such as students' future college enrollment and success, will be tracked by MCC's Office of Institutional Effectiveness.

V. Student Eligibility

1. High school students must meet all eligibility requirements set forth in the THECB Rules.

2. Eligible students may first enroll in dual credit courses in the fall semester of grade nine (9).
3. Eligibility for High School Pathways courses/programs ends six (6) weeks prior to high school graduation.
4. McLennan Community College requires that dual credit students:
 - a. have the written approval of the high school principal or counselor, parent or guardian, and a Counseling Specialist in Student Development or a Dual Credit Coordinator at MCC; and
 - b. unless otherwise exempt, score a 351 or above on the reading section of the TSI Assessment or 945 on the TSI Assessment 2 ELAR multiple choice test or overall passing score on the TSI Assessment 2 ELAR section to qualify for academic courses and workforce courses contained in an AAS or workforce Level 2 certificate;

The Schedule Request must be on file at MCC at the time of registration. The Schedule Request is available through the MCC High School Pathways online enrollment portal.
9. High school students will complete the online High School Pathways Orientation prior to registration for the first dual credit course at MCC. As required by law, students will also complete Title IX training prior to registration for the second semester of coursework.
10. High school students not following the Transfer Block, or the Dual Credit Associate of Arts degree plan, both detailed on the MCC High School Pathways website, will consult with an MCC advisor each semester prior to course registration.
11. High school students taking MCC courses for dual credit will be treated as college students. It is expected that high school students taking MCC courses as dual credit will conduct themselves as college students. A collegiate classroom environment is expected. Controversial material may be addressed. The level of maturity of the high school student should be one of the criteria considered by high school officials prior to approving individuals for enrollment.
12. Dual credit students with less than a 2.0 grade point average (GPA) in MCC courses after completion of six (6) credit hours will be suspended from the program. MCC enrollment may resume after completion of the high school diploma or upon approval by MCC of a suspension appeal.

14. The awarding of high school credit for graduation is at the discretion and approval of the ISD.

VI. Student Composition of Class

1. Dual credit courses will be composed of dual credit students only or of dual and college credit students.

VII. Instructional Calendar

1. Both MCC and the ISD will maintain their own instructional calendars, to begin in August/September and continue through May/June. However, students who are enrolled in dual credit courses at the MCC campus will be expected to attend classes even when the ISD is not in session. Any issues of transportation will need to be addressed and resolved by the student and/or ISD. MCC will not be required to provide transportation.

2. Students enrolled in online dual credit courses will be expected to participate regardless of the ISD calendar.
3. In situations involving dual credit courses on a high school campus, schedule conflicts between the institutions, including ISD holidays and dates of state-mandated testing, will be resolved on a case-by-case basis, but in all instances the contact time for the College course will be maintained either by an additional course meeting or other solution acceptable to both MCC and ISD.

VIII. Faculty Selection, Supervision and Evaluation

1. As required by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), MCC controls all aspects of its educational programs. Each educational program for which academic credit is awarded is approved by the faculty and the administration. MCC will maintain qualified faculty who demonstrate the ability to deliver college-level course content with high quality and effectiveness.
2. In order to serve as an instructor of record at MCC, for freshman and sophomore level courses designed for transfer to a baccalaureate degree, faculty should have a minimum of a master's degree with at least 18 graduate hours in the discipline in which they are teaching. In appropriate areas, work experience, professional licensure, and certification are also considered. Degrees and graduate credit hours held by faculty members, whether full time or part-time, must have been earned at a U. S. regionally accredited institution. [SACSCOC, Principles of Accreditation, 3.7.1]
3. In order to serve as an instructor of record at MCC, for associate degree courses designed to prepare students specifically for employment in career and technical areas, instructors should have a minimum of three (3) years of experience in the field, appropriate certification or professional licensure, and educational background and credentials at the same level as or higher than the certificate or degree being awarded in the program. Degrees and graduate credit hours held by faculty members, whether full time or part-time, must have been earned at a U. S. regionally accredited institution. [SACSCOC, Principles of Accreditation, 3.7.1]
4. ISD faculty hired by MCC to teach dual credit courses at the high school site will follow the same application and screening procedures as adjuncts hired to teach at the MCC campus. Employment will only be awarded after approval by the appropriate division or program chair.
5. MCC shall evaluate instructors of college courses offered for dual credit using the same or comparable procedures used for faculty teaching at the MCC campus. Faculty teaching courses for dual credit shall comply with MCC's standards of instruction and policies. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (e)(2)] [SACSCOC, Principles of Accreditation, 3.7.2]

When such evaluations include classroom observation, the ISD will provide access to the classroom in question to the appropriate MCC personnel. The MCC personnel will be expected to comply with the standard ISD visitor screening process.

MCC classroom observations of ISD faculty hired to teach dual credit courses at the high school are separate and distinct from observations made by the ISD for the purposes of district evaluation and employment. ISD observations will be conducted according to district policy with the understanding that 1) the college classroom should experience minimal disruption and 2) the course content, assessment methods, texts, and materials are approved by MCC and may not be altered at the discretion of the ISD.

6. The appropriate representatives of the MCC academic department will evaluate the performance of faculty teaching college courses offered as dual credit. Included in this evaluation will be a determination of how well the faculty member performs in achieving the desired learning outcomes. Additionally, the evaluation will include a review of performance on the items delineated in Section VI, item 9. The evaluation will be forwarded to the Vice President of Instruction for a decision regarding continued employment as an adjunct instructor for dual credit courses. In the event it is determined that a faculty member employed by the ISD will not be granted continued employment, the ISD will be informed in a timely manner. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (e)(2)] [SACSCOC, Principles of Accreditation, 3.7.2]
7. MCC will pay ISD faculty members hired to teach dual credit courses at the high school site in the same manner as other adjunct employees of MCC.

All course content, learning outcomes, and instructional objectives will be consistent with courses taught on the MCC campus. All instructors must have a syllabus that incorporates instructional objectives and intellectual competencies posted on the MCC website, by the MCC deadline.
9. Faculty teaching college courses for dual credit are expected to carry out the following:

 - b. Provide each student with a syllabus/class outline that explains the expectations of the instructor, learning outcomes, attendance policy, cheating policy, and other information needed by the student (Examples: timelines, required class materials, outside assignments, course pre-requisites, etc.).
 - c. Check student enrollment in the course. If a student's name does not appear on the MCC class roll, the student may not attend class. If a student's name does not appear, the student should be instructed to contact the MCC High School Pathways Office to complete the enrollment process.

 - k. Assign both an alphanumeric *and* numeric grade for each dual credit student. MCC grades will be submitted through the WebAdvisor system.
 - l. Maintain a copy of grade books for each dual credit class at the high school. If MCC personnel need to review grade books, the High School Pathways Program Director and/or the appropriate Division Chair will request and receive a copy at that time. Detailed records should be saved for one (1) calendar year following the end of the course. If employment with MCC ends, records for the previous year should be submitted to the appropriate Division Chair.
 - m. Maintain a Brightspace course shell for each section taught, to include at minimum professor contact information, a course syllabus, grade book, and attendance records.
 - n. Check MCC email on a regular basis for information on deadlines, reporting, grades, etc. This is one form of official communication from the college.

Faculty employed by the ISD will be required to meet the same teaching expectations as other faculty at MCC, expectations delineated in Section VIII, item 9.

13. Faculty teaching courses offered for dual credit who are also employed by the ISD will be required to participate in a minimum of four (4) hours per year of MCC professional development activities, activities such as MCC Professional Development Day, Dual Credit Faculty Seminar, and courses offered through the MCC Center for Instructional Design. For purposes of this agreement, the year shall run from the Fall semester through the end of the Summer 2 semester.

IX. Location of Classes

XII. Student Services

1. Students taking college classes for dual credit may utilize the same services that are available to other MCC students. MCC is responsible for ensuring timely and efficient access to such services as academic advising, learning materials (e.g., library resources), and other services for which the student may be eligible. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (g)(2)]
2. Dual credit students are entitled to access online tutoring or face-to-face tutoring at no cost to the student.

4. Dual credit students 17 years of age or older will have the same access to mental health counseling on the MCC campus as other students since parental notification is not required for this age group. Due to HIPAA regulations, requests for mental health counseling made by students younger than 17 will be referred to the respective school counselor or behavioral intervention specialist for mental health counseling.
5. One ISD employee per high school campus will be designated as a facilitator for dual credit students. The facilitator will maintain familiarity with MCC resources and services and assist in guiding dual credit students to those services.
6. College Advising:

5. The ISD will notify MCC of student behavioral issues that would impact a dual credit course, particularly in regards to matters concerning student safety.
6. In the event ISD disciplinary measures prevent a dual credit student from attending an MCC course, the student, ISD, and MCC will consult regarding possible outcomes. If the student's absences will exceed 25% of course meetings, and if no satisfactory alternative can be found, the student will be withdrawn from the MCC course for disciplinary reasons.
7. In the event a conduct or academic-integrity-related visit to the high school is needed, the ISD will facilitate a meeting between the student(s) in question and the appropriate MCC personnel. The MCC personnel will be expected to comply with the standard ISD visitor screening process.

XIV. Course Curriculum, Instruction, and Grading

1. The MCC Division Chair of the program area oversees instructional content for college courses taught for dual credit.
2. MCC shall ensure that a college course offered for dual credit at the high school and the corresponding course offered at the College are equivalent with respect to the curriculum, contact hours, course maximum, materials, instruction, and method/rigor of evaluation of student performance, regardless of student composition of the class. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (f)]

XV. Grade Reports

1. MCC will provide grade reports for dual credit students each semester following the conclusion of the final exam period.

2. Grades will be reported via an unofficial college transcript that provides information regarding courses, letter and numeric grades, and cumulative GPA.
3. Progress reports may be requested by an ISD during the semester for dual credit-only courses offered on the high school campus with the following restrictions.
 - a. Requests will be made to the High School Pathways office via email and will identify the course, section, and date the progress report is needed.
 - b. A high school will request no more than two progress reports per semester.
4. Progress reports will not be an option for dual credit students in online sections and/or in sections in which they are blended with traditional college students. Instead, students may log in to Brightspace to provide the ISD with current grade information from the online course gradebook.

XVI. Transfer of Courses

McLennan Community College is fully accredited by the SACSCOC, and basic academic, general education courses are readily transferable to other public institutions of higher education in Texas. However, since each college has its own policy regarding the transferability of courses, students are strongly advised to check with the college they plan to attend after high school, other than MCC, in order to determine the transferability of MCC courses.

CTE/Workforce education courses are not designed for transfer beyond the community college level. However, programs exist at some universities that allow these courses to be applied directly to baccalaureate degree requirements. Students are encouraged to check with prospective universities concerning programs such as the BAAS, BAT, and other similar programs.

XVII. Academic Regulations

1. An MCC class minimum of fifteen (15) students is deemed necessary for a dual credit-only course section. Any exceptions will be approved by the Vice President of Instruction.
2. MCC courses offered as dual credit, regardless of where they are taught, follow the same college calendar, syllabus requirements, course outline, grading procedure, and other instructional and evaluative policies and procedures. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (g)(1)]
3. The Texas Education Code and SACSCOC do not allow for outside influence on college grading systems.
4. Letter grades are given in accordance with policies printed in the college catalog. Whenever possible, numerical grades will be provided to the high school counselor by the High School Pathways Office. Dual credit grades will be provided to the ISD each semester the week following final exams.
5. In the event of a grade dispute, the MCC policy for grade appeals will be followed. Please see the MCC catalog and/or the *Highlander Guide*.

6. Dual credit students may withdraw from a course and receive a grade of "W" at any time during the semester on/prior to the MCC official drop deadline specified in the College Calendar located in the class schedule or catalog. After the MCC official drop deadline, dual credit students will follow published MCC policy in regards to withdrawing from courses and the grade recorded for such courses. It is the student's responsibility to officially withdraw from a course or verify that the instructor initiated the withdrawal procedure.

XVIII. Attendance and Funding

1. Students enrolled in college credit courses will follow current MCC attendance policies. Attendance will be taken at MCC based on the published College Attendance Policy.
2. The cost of tuition and fees will be based on the current McLennan Community College tuition and fee schedule for dual credit students.
3. State funding for college courses offered for dual credit will be available to both the ISD and MCC based upon current funding rules of the State Board of Education and the Texas Higher Education Coordinating Board. [TAC 19, Part 1, Chapter 4, Subchapter D, §4.85 (i)(1)]
4. MCC waives tuition and standard fees for students demonstrating financial need. Information and an application form for this tuition exemption are available through the High School Pathways office and the online enrollment portal. Tuition for other students will be the responsibility of the student or the ISD.

Should performance of any obligation (other than any payment obligations) created under this Agreement become illegal, impossible, impracticable, not reasonably possible, or if a Party is otherwise prevented or hindered from complying by a force majeure incident as described in this section or any other cause not enumerated herein but which is beyond the reasonable control of the Party whose performance is affected, then the performance of any such obligation is suspended during the period of, and only to the extent of, such prevention or hindrance, provided the affected Party provides reasonable notice as soon as practicable (within 45 days) following an event of force majeure and exercised all reasonable diligence to remove

the cause of force majeure.

Dual credit students who may require accommodations in order to have proper access to meet course requirements due to a documented disability should contact MCC Accommodations (Disability Services) as soon as possible. Students will be required to complete the registration form in WebAdvisor, submit documentation for the diagnosed disability, and meet with the Accommodations Coordinator. Faculty and the student will receive an email confirming all accommodations. Faculty may also review accommodations by accessing their roster via WebAdvisor, and students may review their accommodations under the My Accommodations Plan in WebAdvisor. Please note that instructors are not required to provide classroom accommodations to students until appropriate verification from Accommodations (Disability Services) has been provided. Note also that accommodations may differ between the high school and college. For additional information, please visit mclennan.edu/disability.

Students with questions or who require assistance with disabilities involving physical, classroom, or testing accommodations should contact:

P-TECH Memorandum of Understanding August 1, 2023 – July 31, 2024

CREATION OF THE P-TECH

This document is executed as a Memorandum of Understanding (MOU) between McLennan County Junior College District, an Institute of Higher Education (herein referred to as MCC) , and the Waco Independent School District (herein referred to as ISD), a local public school, which are both located in McLennan County, Texas. It has been developed for the support of the Waco Early College High School as a Pathways in Technology Early College High School (P-TECH) under the auspices of the Texas Education Agency (TEA) Early College High School Designation pursuant to the authority granted in compliance with section 29.551-557 of the Texas Education Code.

WHEREAS, the purpose of this agreement is to outline the collaboration of the parties, as listed above, in support of Waco P-TECH.

WHEREAS, the parties to this MOU desire a Pathways in Technology Early College High School and seek to provide for enrollment in college courses by the P-TECH students in accordance with the Texas Higher Education Coordinating Board (THECB) Rules, as codified under Title 19, Part 1, Chapter 4, Subchapter G of the Texas Administrative Code;

WHEREAS, both Waco ISD and MCC are willing and able to facilitate development of this program to benefit underserved students;

WHEREAS: MCC and Waco ISD are authorized by state law to establish and enter into agreements for P-TECH programs;

NOW, THEREFORE, the parties to this MOU mutually agree to the following:

Purpose

This school, serving grades 9-12, will offer traditionally underserved students (at-risk, economically disadvantaged students, students who are English language learners, and first generation college students) an opportunity to complete a high school diploma and earn up to 60 credit hours toward an Associate degree. While attending the P-TECH, these students will develop a commitment to learning, a capacity for critical thinking, an understanding of their future role as community leaders, and the academic and technical skills necessary to achieve success in these and other arenas. Students graduating from the P-TECH will enter post-secondary education and/or training with significant advanced standing.

Principles

- A. To establish a mutually beneficial partnership between MCC and the ISD that allows a flexible and creative response to the missions and organizational/fiscal needs of both institutions.
- B. To collaborate in the planning, implementation, and continuous improvement of Pathways in Technology Early College High School programs, including provision for faculty, staff, and administration.
- C. To provide rigorous college readiness and early college credit courses.
- D. To collaborate financially to address costs of both partners and assist each in obtaining necessary funds from local, state, federal and private/foundation sources to operate the program successfully and without student fees. MCC will waive tuition and standard fees for

students identified as economically disadvantaged according to the established guidelines for the MCC dual credit tuition exemption. Day to day costs, such as transportation to and from the MCC campus, will be the responsibility of the P-TECH.

- E. To assure that classes and activities of the P-TECH on the MCC campus will occur with students integrated on an age-appropriate basis in accordance with college readiness guidelines established by the Texas Higher Education Coordinating Board and the Texas Education Code.
- F. To share use of facilities including classrooms, labs, offices and libraries in ways that reduce operating costs and promote collaboration of students, faculty, staff, and community members in program success.
- G. To promote student success through participation in college visits and in academic and admission procedures, including advisement, registration procedures, assessment and placement procedures, at MCC. In addition, weekend, Saturday, or summer programs and activities, and extracurricular activities may be offered by the ISD, MCC, or both. Students will gain access to the MCC facilities by way of their MCC student ID cards.
- H. To ensure the selection of students based on the intent of the program, a selection that will reflect the diversity of the student populations identified.

Term

Subject to the approval of the Program application by TEA, any additional approvals that may be required from the THECB, and annual approval as required by law or by TEA or THECB, the term of this MOU shall commence upon the date that the second of the Parties has signed this MOU ("Commencement Date") and shall expire on July 31, 2024 ("Expiration Date"). Notwithstanding the foregoing, both Parties acknowledge and agree that a condition precedent to a Party's signing the MOU is approval of the Agreement by that Party's governing board. The time period between the Commencement Date and the Expiration Date shall be referred to as ("Initial Term"). Upon mutual written agreement by the Parties and approval as may be required by the Parties' governing boards, TEA, and THECB, this MOU may be extended for a one-year renewal term ("Renewal Term"). As used in this MOU, the term ("Term") shall mean the Initial Term, or such shorter period of time in the event of termination of this MOU at any time on notice by either party as set forth on page 7 below.

Governance

- A. The Early College High School established under this agreement will be governed by state and federal laws and regulations, as well as ISD, and college policies and requirements. The ISD shall apply to the Texas Education Agency for the establishment and continued approval of a P-TECH designation.
- B. A Steering Committee comprised of representatives of MCC and the ISD, and co-chaired by the MCC President and the ISD Superintendent, shall meet once per semester, or as mutually agreed to by both parties, to evaluate instructional and programmatic activities, identify problems, issues and challenges that arise, and make recommendations regarding more effective coordination and collaboration. The Steering Committee shall make reports, at least annually, to their respective boards.
- C. An Advisory Committee will be created for the purpose of establishing local, state, and national partnerships, to leverage opportunities for fund development, innovative projects, and overall sustainability. The advisory committee shall meet at least twice annually and shall consist of representatives from MCC, the ISD, local and regional communities. The Advisory committee and all other subcommittees established under this entity will report as needed and as requested to the Steering Committee.
- D. The P-TECH Director/Principal (chief administrative officer of the P-TECH) will be appointed by the Superintendent of the ISD. The Director will be an employee of the ISD. The ISD will be responsible for payment of benefits, if any, to the Director, and the Director shall not be entitled to receive employee benefits from the MCC including, but not limited to, unemployment

compensation, workers' compensation, health insurance and retirement benefits. The ISD assumes full responsibility for workers' compensation insurance and for payment of all federal, state and local taxes or contributions, including, but not limited to, unemployment insurance, Medicare and income taxes with respect to the Director. Should the school Director position become vacant and the need to appoint a new Director arise, following all ISD Human Resources Policies and Procedures, MCC will have the opportunity to be represented on the Director search committee and take part in the deliberations. The ISD agrees to assign the Director as soon as a qualified candidate is identified and hired. An adequate number of faculty for high school credit-only courses, counselor(s), clerical staff, and any other high school personnel that may be necessary, will be the responsibility of the ISD.

- E. This Agreement does not create a partnership or a joint venture between the parties hereto, nor does it authorize either party to serve as the legal representative or agent of the other. Neither party will have any right or authority to assume, create, or incur any liability or any obligation of any kind, expressed or implied, against or in the name of or on behalf of the other party.

In addition, the P-TECH will administer the Texas Success Initiative college placement exam to all incoming ninth (9th) graders to assess college readiness and to enable students to begin college courses based on their performance as soon as students are able and willing.

P-TECH students will be required to participate in the appropriate end-of-course assessment instruments for secondary-level courses in Algebra I, biology, English I, English II, and United States history as specified in Texas Education Code 39.023. Grading periods and policies for high school courses will be governed by ISD high school policies and procedures. All grades will be recorded in a numerical format or other format approved by the ISD. ISD Grade Point Average (GPA) policies will remain in place for the P-TECH students. P-TECH course grades are weighted for Grade Point Average purposes as specified by the ISD. All grading practices and policies are defined in the P-TECH Student and Parent Handbook.

Grading periods and policies for college credit courses will be under the authority of the College. MCC grading practices are on a semester rotation. The Course Catalog, syllabi and policies at MCC will determine the grading practices. Grades for college credit coursework will be provided to the P-TECH each semester the week following final exams.

See Appendix A for the detailed course crosswalk.

Instructional Materials

Instructional materials for high school courses will be under the authority of the ISD and the P-TECH. Instructional materials will be provided that align with approved PEIMS courses as specified by the Texas Education Code, the High School curriculum and teacher syllabi.

Students enrolled in MCC courses will use instructional materials adopted by MCC. The P-TECH will be responsible for purchasing appropriate materials, including college textbooks, for students enrolled in college credit courses. P-TECH faculty teaching college credit courses may select their own instructional materials as permitted by the policies of the MCC department/division.

To the extent possible, MCC will coordinate with the ISD to reduce college textbook costs through use over multiple semesters and/or the use of low-cost open educational resources.

Assistance, Student Waivers and Fees

MCC agrees to waive tuition and standard fees for students identified as economically disadvantaged according to the established guidelines for the MCC dual credit tuition exemption. Tuition and fees for the remaining students who do not qualify for MCC exemptions will be the responsibility of the ISD. P-TECH students will not have financial responsibility for tuition, fees or transportation costs associated with the program.

P-TECH Enrollment and Attendance

Students are eligible to enroll in the P-TECH after they have filled out all necessary application forms, including parental support forms. The ISD will select students through a blind scoring of each application according to the application rubric. All students enrolled in high school courses will be expected to follow current ISD attendance policies. Attendance records will be taken for all courses offered at the P-TECH campus.

Students enrolled in college credit courses will follow current MCC attendance policies. Attendance will be taken at MCC based on the published College Attendance Policy.

Building a College Culture

The P-TECH and MCC will establish a learning community that blends high school and college, instilling a college-going culture among participating students. P-TECH students will:

- develop a four-year high school graduation plan and post-secondary plan;
- participate in high school credit classes and college credit classes for which students receive both high school and college credit; and
- participate in an advisory program which provides college campus orientation, academic counseling, college and career planning and additional student counseling.

Professional Development

Professional Development of the P-TECH staff will be on-going, and will be provided through a selected Campus Improvement Team. The MCC liaison will meet with the Team to identify any challenges and make recommendations to the Principal for effective coordination, collaboration and continued development of the P-TECH. P-TECH faculty teaching college credit courses will be expected to participate in professional development activities offered by MCC, a minimum of 4 hours per academic year, which may include Professional Development Day, the annual Dual Credit Seminar, general faculty meetings, and division meetings. Professional development of MCC faculty will be addressed by MCC.

MCC will endeavor to provide professional development opportunities that will promote interaction between P-TECH, MCC faculty and advisors.

Procedures for Collecting and Sharing Data

Student data will be collected at the P-TECH facility in accordance with state regulations and ISD data collection procedures. All student data will be disaggregated from the High School general population. Student data to be shared with MCC will include, but is not limited to, demographic and academic information, including TSI readiness by grade level, SAT/ACT and PSAT scores, number of hours taken and credits earned, GPA's, results of State assessments, and any other data necessary to assess program effectiveness in accordance with the Family Education Rights and Privacy Act.

The Parties agree to maintain the records of all students in accordance with all applicable federal, state, and local laws. In accordance with the Family Education Rights and Privacy Act ("FERPA") (20 U.S.C. §1232g) and ISD Board Policy, all records relating to students which are generated or maintained by either party shall be considered education records in accordance with applicable laws and policies. All parties shall maintain the confidentiality of these and all education records in accordance with all applicable state, federal and local laws and regulations, including FERPA. For purposes of this agreement, each party designates the other party as its agent with legitimate educational interest in the students' educational records for purposes of FERPA.

Records related to teacher qualifications will be maintained by the ISD and MCC in accordance with current institutional policies related to privacy and recordkeeping. ISD teachers applying for adjunct faculty positions with MCC will submit appropriate paperwork directly to MCC.

Evaluation

The ISD and MCC will develop a plan for the evaluation of the P-TECH program to be completed each year that will include, but not be limited to, attendance and retention rates, GPA of high school-credit only courses and college courses, satisfactory progress in college courses, and adequate progress toward the college-readiness of the students in the program.

Additional Requirements--Dual Credit at MCC

Given that a P-TECH program is a specialized form of dual credit, the MCC policies regarding dual credit will also apply to P-TECH students from the ISD unless noted otherwise in the P-TECH portion of the agreement.

A separate section of this agreement details the dual credit agreement between MCC and the ISD, covering both P-TECH students (except as noted above) and traditional dual credit students from the ISD.

Severability

If any clause or provision of this agreement is determined to be illegal, invalid, or unenforceable under present or future laws effective during the term of this agreement, including any renewals, then in that event it is the intent of the parties hereto that the remainder of this agreement shall not be affected thereby, and it is also the intent of the parties to this agreement that in lieu of each clause or provision of this agreement that is illegal, invalid or unenforceable, there be added as part of this agreement a clause or provision as similar in terms to such illegal, invalid or unenforceable clause or provision as may be possible and be legal, valid and enforceable.

Termination

This agreement and partnership may be terminated by either party upon ninety (90) days written notice to the other party. In the event of termination during the initial term of this agreement, the effective date of termination shall be as of June 30 following the notice. It is the intent of both parties that no termination shall be made during the middle of the school year which will disrupt the academic progress for the students of the P-TECH, unless the parties mutually agree.

Provision for Discontinuation

Discontinuation of the P-TECH program will only be allowed at the end of a grade level cohort, or when a cohort graduates. Discontinuation of the program will provide for the support of students enrolled in the program to ensure proper planning for graduation, and meet all the required elements of the program until complete discontinuation of the program.

Notwithstanding any provision herein to the contrary, if MCC does not comply with any part of the MOU, and the failure to comply is not corrected within thirty (30) calendar days after written notice from Waco ISD, this MOU may be terminated immediately upon written notice from Waco ISD, at Waco ISD's sole discretion.
5. Liability. Neither Waco ISD nor its trustees, officers, employees or agents shall have any liability or responsibility for any claim or cause of action of any person or group arising from (a) the use of district property and/or equipment by MCC and MCC's officers, volunteers, employees, contractors, agents, invitees, licensees, participants, and visitors, or (b) non-compliance with this MOU, or (c) any act, omission, or negligence of MCC, or any of its officers, agents, employees, contractors, invitees, licensees, volunteers, participants or visitors.
- Except as may otherwise be provided herein, Waco ISD makes no expressed or implied warranties of any kind, to the fullest extent permissible under applicable law, Waco ISD disclaims all warranties, express or implied, including, but not limited to, warranties of performance, merchantability, fitness for a particular purpose, accuracy, omissions, completeness, and delays, except as expressly provided herein or as required by law, under no circumstances shall Waco ISD be liable for exemplary, special, punitive, consequential, or incidental damages, including, without limitation, lost profits, business revenue, or goodwill due to any cause whatsoever, even if Waco ISD has been advised of the possibility of such damages.
6. Indemnity. MCC and Waco ISD agree that both institutions shall indemnify, defend, and hold harmless each other as well as past, present, and future trustees, officers, and employees, from and against all claims, demands, causes of action, damages, costs, and expenses, including, without limitation, court costs and reasonable attorney's fees, of any kind or nature asserted by any third party, occurring or in any way incident to, arising out of, or in connection with any acts of MCC's participants, visitors, agents, employees, contractors, invitees, or licensees done in connection with this MOU. Both institution's obligations under this clause shall survive termination or expiration of this MOU.
7. Notice. All notices or other communications required or permitted hereunder shall be in writing, and shall be personally delivered or sent by registered or certified mail, return

receipt requested, courier delivery, electronic mail, facsimile or receipted overnight mail, and shall be deemed received upon the earlier of (a) the date of delivery, if personally delivered, or (b) three (3) business days after the date of posting by the U.S. postal service, if mailed. All such notices or communications shall be addressed as follows:

If to Waco ISD:

Superintendent
Waco Independent School District
501 Franklin Ave.
Waco, TX 76701

If to MCC:

Dr. Johnette McKown
President, McLennan Community College
1400 College Drive
Waco, TX 76708

Either party may change such address for notice for the party designated to receive such notice by giving written notice to the other party as provided in this paragraph.

8. Relationship of the Parties. It is understood and agreed that MCC is a separate legal entity from Waco ISD and MCC is not an employee, agent, joint venture, or partner of Waco ISD. Nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee between Waco ISD and either MCC or any employee or agent of MCC.
9. No Waiver of Waco ISD's Immunity. The execution of this MOU and the performance by Waco ISD of any of its obligations hereunder are not, and are not intended to waive or relinquish, and Waco ISD shall not waive or relinquish, any governmental, sovereign immunity or defense from or to liability or prosecution available to Waco ISD, its trustees, officers, employees, or agents under federal or Texas laws.
10. No Third Party Beneficiaries. Nothing in this MOU shall be deemed or construed to create any third party beneficiaries or otherwise give any third party any claim or right of action against any party to this MOU.
11. Governing Law and Venue. This MOU shall be governed by and construed in accordance with the laws of the State of Texas, without regard to its conflicts of laws provisions. The mandatory and exclusive venue for the adjudication or resolution of any dispute arising out of this Agreement shall be in McLennan County, Texas.
12. Entire Agreement. This MOU and the attached and incorporated addendum or exhibits, if any, contain the entire agreement of the parties relative to the purpose(s) of the MOU and supersede any other representations, agreements, arrangements, negotiations, or understanding, oral or written, between the parties of this MOU.
13. Severability. In the event that any one or more of the provisions contained in this MOU shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions, and the

MOU shall be construed as if such invalid, illegal, or unenforceable provision had never been contained in it.

14. Interpretation. The parties agree that the normal rules of construction that require that any ambiguities in this MOU are to be construed against the drafter shall not be employed in the interpretation of this MOU.
15. Changes and Amendments. This MOU may be amended, modified, and/or supplemented only by the mutual agreement of the parties, in writing, to be attached to the incorporated in this MOU.
16. Assignment. Neither this MOU nor any rights, duties, or obligations under it shall be assignable by MCC without the prior written acknowledgment and authorization of Waco ISD. Any attempted assignment by MCC without Waco ISD's prior written consent shall be void.
17. No Waiver. No failure on the part of either party at any time to require the performance by the other party of any term hereof shall be taken or held to be a waiver of such term or in any way affect such party's right to enforce such term, and no waiver on the part of either party of any term hereof shall be taken or held to be a waiver of any other term hereof or the breach thereof. No waiver, alteration, or modification or any of the provisions of this MOU shall be binding unless in writing and signed by duly authorized representatives of the parties hereto.
18. Captions. The captions herein are for convenience and identification purposes only, are not an integral part hereof, and are not to be considered in the interpretation of any part hereof.
19. Counterparts. This MOU may be executed in separate counterparts, each of which when so executed shall be an original, but all of such counterparts shall together constitute but one and the same instrument.
20. Non-Discrimination. Neither McLennan Community College nor Waco ISD will discriminate on the basis of sex, age, handicap, race, color, and national origin in its educational and vocational programs, activities, or employment as required by Title IX, Section 504 and Title VI.

NOTICE: TEXAS COLLEGE BRIDGE PROGRAM

McLennan Community College has signed an MOU with Texas College Bridge and thereby supports compliance with HB 5 in this manner. Student scores from the Texas College Bridge program are delivered directly to the College to be utilized to determine readiness for college courses and to determine appropriate placement. TSIA scores are not necessary to determine college readiness for students who have completed the Texas College Bridge program satisfactorily.

Texas College Bridge is a program separate from the college prep agreement detailed above with a separate memorandum of understanding the district may sign with the state of Texas. Interested districts may find additional information at texascollegebridge.org.
