WACO ISD STUDENT/PARENT EQUIPMENT USE AGREEMENT

You are receiving a Waco Independent School District device that will provide access to online learning opportunities. It will be an important part of your school’s curriculum and provide access to digital resources that teachers will use while campuses are closed in an effort to slow the spread of COVID-19.

By accepting this device, you agree to abide by the terms of use below. If you do not agree to these terms, you must return this device to the campus.

Period of Possession: The term of this Use Agreement is from date of pick up until the at-home learning period ends and students return to school, or until the student withdrawals from the district, whichever is earlier. The student or WISD may terminate this agreement at any time by written notice.

Use: Student agrees that the equipment will not be subjected to unnecessarily rough usage, that it will be used in accordance with its design, and its use will conform to all applicable laws, WISD board policies, and regulations. Student agrees not to allow the use of the equipment for illegal purposes or for operating student’s own or another’s personal or commercial business. Student will conform to the terms of the Waco ISD Acceptable Use Agreement and Student Handbook.

Assignment or Subletting: Student will not reassign this Use Agreement or any Equipment under the Use Agreement, or any interest in the Use Agreement or Equipment, without District’s written consent. Student will not give or provide any part of the Equipment to unauthorized users under the Use Agreement without District’s written consent.

Altering or Defacing Equipment: Student will not alter, disfigure, or cover up any numbering, lettering, or insignia displayed on the Equipment. Student will not alter or remove district software, security software, anti-virus software or add unauthorized and/or unlicensed applications.

Maintenance and Repair: Parents/guardians are responsible for reasonable cost of repair or replacement of deliberately damaged devices. Acknowledging Education Code Section 31.104, a student and/or the parent/guardian is liable for the cost of repair. If upon investigation, it is determined that the damage is deliberate and results in more than 50% of the value of the device, the device will be deemed a total loss, and the full cost of the device will be charged to the student and/or the parent/guardian.

Loss/Theft: If the device is stolen, the student must immediately report it to the campus administrator, so the campus administrator can attempt to recover the device. The student or parent must provide the campus administrator a copy of the police report entered by the parent no later than 2 school days after the loss was determined.

Security measures: The district provides additional security measures, as is technically possible for devices, that will be used outside the district’s network filters. This may include device security settings and/or software that may be used to manage and safeguard WISD’s electronic resources. These tools may be used to track WISD inventory, block questionable sites, or limit access to sites when connected to the internet outside of WISD’s network.

Disclaimer: While WISD uses technology protection measures to limit access to material considered harmful or inappropriate to students, it may not be possible for the district to absolutely prevent such access. Despite our best efforts and beyond the limits of filtering technology, a student may run across areas of content and some material that parents/guardians might find objectionable.

Surrender of Equipment at End of Use Agreement: The student agrees, on termination of this Use Agreement, termination of initiative assigning this equipment, student withdrawal from the district, or at the request of WISD, to return the equipment at student’s own expense, in good condition, allowing for reasonable wear and tear, and free and clear of encumbrances, to the campus that assigned it or as the District may designate.

Technology Assistance: If you have technical issues with device functioning, activating a hotspot, or access please contact the campus technology specialist.

Assistance with Student Assignments: Please email your child's teacher should you need assistance with student work or expectations. You may also contact the campus principal. Waco ISD email addresses use the format of firstname.lastname@wacoisd.org. (For example, Mickey Mouse’s email address would be mickey.mouse@wacoisd.org.)
