

August 29, 2012

Greetings Atlas Parents/Guardians,

We continue to look out for the welfare of your students and want you to know that we understand that there have been concerns regarding bus transportation, especially for students that travel to and from one of the other three Waco ISD middle schools in the afternoon.

A modified plan has been put in place to resolve some of the confusion. Students traveling by bus to Chavez Middle School, Indian Springs Middle School (formerly known as Middle School #4), or Carver Middle School will continue to be dismissed to go to their buses at 3:45. There will now only be one bus traveling from Atlas/Tennyson after school to each of those campuses. Each of those buses will now have a sign with the name of the other middle school on them, and the corresponding bus numbers are as follows:

- Atlas to Carver Middle School is bus #319.
- Atlas to Chavez Middle School is bus #330.
- Atlas to Indian Springs Middle School is bus #324.

A few of these students might need to transfer to another bus once they arrive at the other middle schools after 4:00, but we have been assured that those buses will wait until the Atlas/Tennyson buses arrive and the bus drivers assist the students to find their transfer buses.

Sincerely,

Jim Heston

Assistant Principal for Tennyson Middle School & Atlas Academy
