Vocabulary- Courage

*What is it?

Be brave as you meet new experiences, difficult situations, and/or dangerous encounters.

**How can you help your child develop it?

Discuss with your child about times you have had faith and used courage. Show them examples of others who showed courage to do the right thing when it was hard.

Example:

Other students in class are talking unkind about another student. Standing up to them and telling them what they are saying is not kind and saying something nice takes courage.

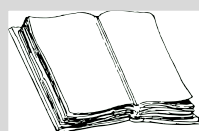

*Together we will learn.
Together we will grow.
Together we will take pride in ourselves, our school and the community we know.
Together we will create a better world.
Voyagers go!*
